

Planned activities and Workshops & Schools 2012

12 January 2012/JPR

A. Planned activities for 2012

- preparation and submission of the NCCR request (MP)
- preparation and delivery of the Swiss input to the European Strategy Session (KK)
- collecting the Membership fees from the Heads of institutes (KK, JPR)
- setting up the Selection Committee S-C for the CHIPP Prize (GC)
- advertisement, evaluation and selection of the CHIPP Prize winner 2011 (GC + S-C)
- preparation and submission of the report regarding particle and astroparticle physics in the context of the CRUS survey on costly infrastructures (MP, JPR)
- collecting the data and establishing the CHIPP tables (LB, JPR)
- preparation and submission of the joint request for M&O LHC experiments (OS, JPR)

B. Future Workshops, Schools and other important Meetings in 2012

what	where	responsible person	when?
Zurich Phenomenology Workshop http://www.phys.ethz.ch/~pheno/HiggsWorkshop2012/index.html	ETHZ	C. Anastasiou, Th. Gehrman	9-12 January
CHIPP PhD School <i>Experimental and theoretical aspects of LHC physics</i> http://chiocchia.web.cern.ch/chiocchia/CHIPP2012/	Engelberg	V. Chiochia, G. Pasztor	22-27 January
DarkAttack2012: <i>Dark Matter in particle physics, astrophysics and cosmology</i> http://www.itp.uzh.ch/events/darkattack/index.html	Monte Verità, Ascona	L. Baudis, G. Bertone, R. Trotta	15-20 July
Zuoz Summer School: <i>LHC physics</i>	Zuoz	M. Spira	19-25 August
European Strategy Session	Cracow	--	10-12 September
CHIPP Plenary	Ittingen	K. Kirch, JP. Ruder	13/14 September
Detector R&D	open	M. Hildebrand	fall
